

Press Release  
MAGA-NC  
February 10, 2024

Hello Friends & Fellow Patriots,

I am the Senior Editor here at maga-nc.com, the website for MAGA-NC.

Of course, individual Republicans & Americans are free to support whomever they wish for office. Reasonable people may disagree on an issue and yet remain reasonable people. That wise adage is especially appropriate in all things political.

With that said, we encourage everyone who is eligible to vote for Donald J. Trump in the upcoming North Carolina Republican Primary and later in the General Election. In North Carolina both registered Republicans and registered Independents (Unaffiliated) may vote in the Republican Primary races. We further suggest that registered Democrats abandon the party that has abandoned America & them. We encourage you to support and vote for former President Trump in November's general election.

Before we came to this decision, we researched all of the announced Republican Candidates for the Presidency of the United States. Although there were several good choices at that time, President Trump was clearly the best choice of them all.

President Trump's words are solid & sincere. He is a proven leader. He is courageous. And he is a fighter for us, the American people. He fights for us because he loves us more than power, more than wealth, and more than any need for the approval of the "Cool Kid's". We appreciate him & love him back for his willingness to fight for us. We need someone in the White House who exhibits the best attributes of both a warrior and a leader. President Trump fits that bill nicely.

He has suffered unjust persecution from all sides of the political spectrum. Democrats, Neo-Marxist, "Deep State" federal employees, "Fake News" media, "Big-Tech" oligarchs, blatantly partisan Court officials, and even self-serving establishment Republicans have joined in a relentless effort to destroy this great Patriot. They corrupted the 2020 elections to an extent never before seen in American politics. They have weaponized Federal Agencies. And they have even stooped to personally attacking his family and supporters.

The primary reason for this opposition is obvious. Even though these disparate groups have conflicting agendas, all of those who have come so relentlessly against President Trump are bound together by one thing. They know that Donald J. Trump is not corruptible. He cannot be bought or influenced to do anything that would be against the best interests of the American people. They hate him for that.

Washington, DC has been run by a Permanent Political Class of Parasites for too long. This permanent political class has a sense of entitlement that is offensive beyond anything that King George ever imagined. This mass of warmongering parasites is composed of both Neo-Cons & Neo-Libs who want to continue destroying the lives and welfare of Americans. They live off our productivity and accomplish nothing of good. We can all agree that Washington is broken & corrupt.

The astoundingly popular song "Rich Men North of Richmond" captures the disgust and angst of hardworking Americans from all walks of life. Only an outside revolutionary & righteous warrior can take on the demanding task of draining the Sewer that is Washington, DC.

President Trump is that one outsider who is uniquely positioned to destroy the sewer and its rats. His appeal goes far beyond that of the traditional Republican Party. Because of his courage and willingness to combat the embedded parasites, he is the leader who is singularly changing the Republican Party from the "Neo-Con, Country-Cub, Chamber-of-Commerce, Lap-Dog" mess that it had become into a Nationalist, Populist, America-First party. The base of our beloved Grand Old Party welcomes this change.

We applaud President Trump for his past efforts while looking forward to even greater things in the future.

We at MAGA-NC respectfully and humbly invite you to join us in supporting this Great American for the Presidency of the United States of America!
